

Financial Resources Verification (FRV) Form

In order to confirm that the J-1 Work and Travel applicant possesses adequate financial resources to complete his or her program, CCI, as the designated visa sponsor of this program, requires completion of this document by the applicant, their financial sponsor and the authorized sending agency.

All three of the aforementioned parties understand and agree to the definition of "adequate financial resources" as being at least \$1000 US. This is the same amount indicated on the DS-2019 form as the amount of "estimated personal funds required as financial support provided to the exchange visitor."
